Setting up an MDM messaging Queue

Overview

If you have any questions or require any assistance, Please contact the Medical-Objects Helpdesk on (07) 5456 6000.

Accessing the Capricorn Configuration Window

Note:

In some cases, the Capricorn may be configured as a service. See this guide for instructions on how to launch the Capricorn if it is set up as a service.

- 1. To launch the HL7 Tray application, Go to Start Menu, All Programs, Medical-Objects and select the Medical-Objects Capricorn. Alternatively, You can go to C:\MO\Capricorn and run the Capricorn.exe.
- 2. The following icon will appear in the tray. Double click on it to bring up the log window.

3. When the log window is displayed, Click on the Configuration icon highlighted below, or select Utility and select Configuration.

Setting up the Queue

1. Choose "Manage Queues" from the left hand menu.

Auto-Upgrade	Queues to watch for messages	
Custom Messages	Promodour, OLELE	
Demographic Source	<pre>^ risincutus_condu</pre>	
Display Segments	X GWL_QUEUE
