Setting up the Capricorn as a Service

Overview

This guide provides an overview on configuring the Medical-Objects Download Client (Capricorn) to be run as a service. This is an optional process, but recommended.

If you require any assistance with the installation or configuration, or if you have any questions, please contact the Medical-Objects Helpdesk on (07) 5456 6000.

Configuring Capricorn Software

Accessing the Capricorn Configuration Window

Note:

In some cases, the Capricorn may be configured as a service. See **this guide** for instructions on how to launch the Capricorn if it is set up as a service.

1. To launch the HL7 Tray application, Go to **Start Menu, All Programs, Medical-Objects** and select the **Medical-Objects Capricorn.** Alternatively, You can go to **C:\MO\Capricorn** and run the **Capricorn.exe.**

2. The following icon will appear in the tray. Double click on it to bring up the log window.

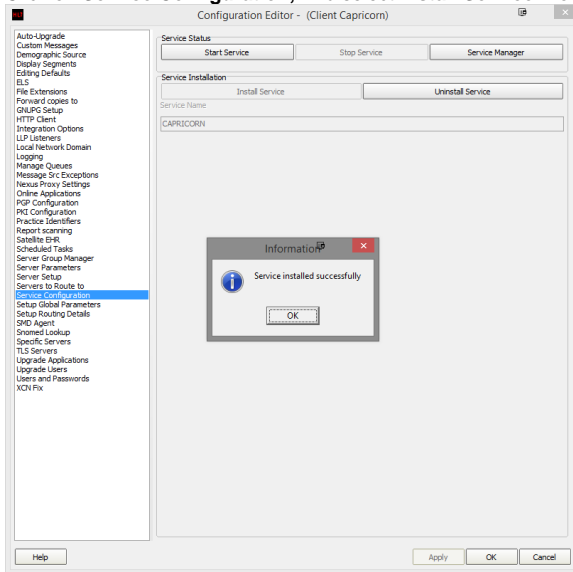

3. When the log window is displayed, Click on the **Configuration** icon highlighted below, or select **Utility** and select **Configuration.**

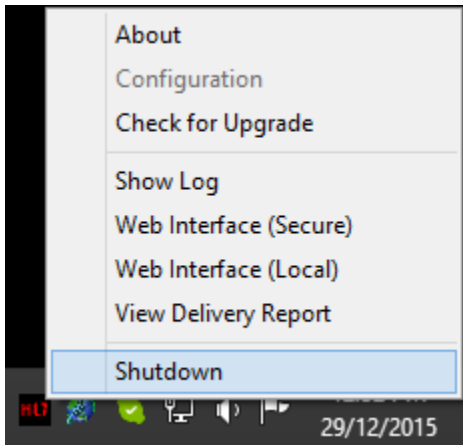

Setting up a service

1. Click on **Service Configuration,** And select **Install Service.** You will see the following box.

2. Shut down the Capricorn by right clicking on the Tray icon and selecting **Shutdown.**

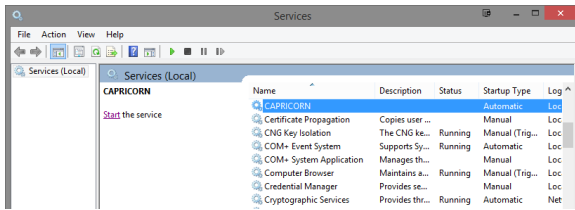

Note:
ⓘ
The Capricorn must not be running before you start the service. You can check for the Capricorn.exe process in the task manager.

3. Go to **Services** by selecting **Start, Run** and typing **services.msc.**

4. Select the Capricorn service and select **Start.**

5. The Capricorn is now running as a service.
