How to access Capricorn Configuration

Overview

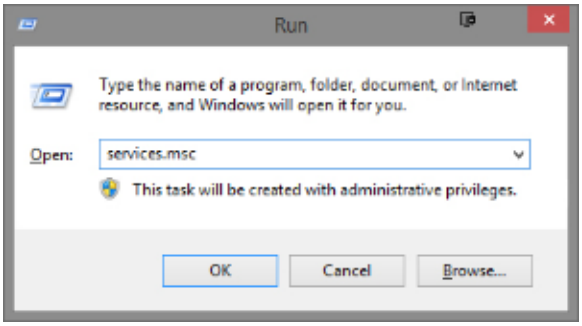

1 Overview
2 Launching the Capricorn From Services
3 Launching the Capricorn, and the Configuration Window

This guide provides basic instruction on how to find and launch the Medical-Objects Download Client (Capricorn) and access the configuration panel.

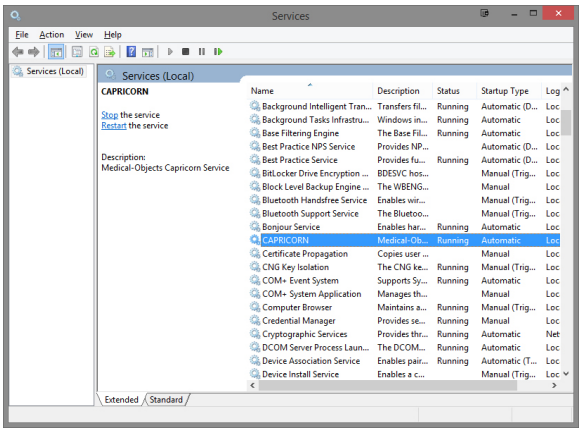

Launching the Capricorn From Services

If the Medical Objects Download Client (Capricorn) icon is not in the tray, It may be running as a service.

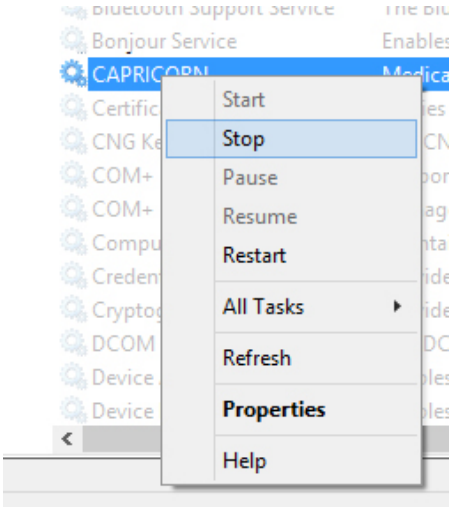

1. Go to your Start menu, and type **Run,** and Select the **Run** application.
2. In the box that appears, Type **Services.msc** and click **OK.** This will open the Services window.

3. Look for the **CAPRICORN** service on the list. If it is not on this list, Capricorn is not installed as a service. In this case, Skip to the next section.

4. Right click on the **CAPRICORN** service, and select the **Stop** option.

Launching the Capricorn, and the Configuration Window

1. To launch the HL7 Tray application, Go to **Start Menu, All Programs, Medical-Objects** and select the **Medical-Objects Capricorn.** Alternatively, You can go to **C:\MO\Capricorn** and run the **Capricorn.exe.**

2. The following icon will appear in the tray. Double click on it to bring up the log window.

3. When the log window is displayed, Click on the **Configuration** icon highlighted below, or select **Utility** and select **Configuration.**
