What is the Medical-Objects Download Client (Capricorn)?

The Medical-Objects Download Client (or Capricorn) is a Secure messaging application that allows you to receive patient Results, Reports and Referrals securely and electronically, within a matter of seconds of being sent.

If you have any questions about the Download Client or if you are encountering issues that this knowledge base does not solve, feel free to contact the Medical-Objects Helpdesk on (07) 5456 6000, or email helpdesk@medical-objects.com.au.
